Services

Since 1921, Community Nurse has provided health and dental care to our community. We currently serve 2700 patients and are accepting new adult patients who need medical care.

Once a patient registers, Community Nurse becomes their “medical home.” They gain access to primary medical care at our Adult Clinic, receive pharmacy benefits through Access to Care, and necessary referrals.

We are also accepting new pediatric patients ages 0-18 for medical services.

Please help us keep our community healthy

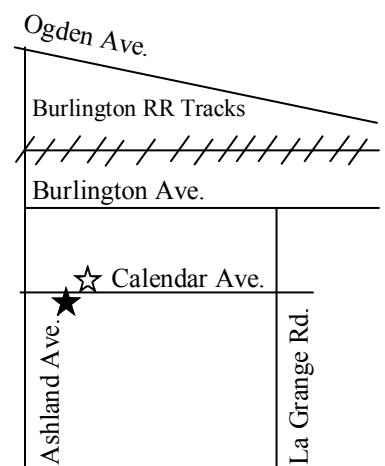

by spreading the word to those in need.
