

# *The Corner Shoppe*

Saving the planet one item at a time:  
recycle, restore, re-use

## con\_sign\_ment (\k\_n-\_\_n-m\_nt\ ) n.

1. the process of you dropping off quality (i.e. current style, clean, no broken parts) furniture and home accessories for the purpose of selling to treasure seekers
2. by FIRST sending us your furniture pictures via email at: [cornershoppe@communitynurse.org](mailto:cornershoppe@communitynurse.org)  
OR by bringing a picture into the store for us to take a look  
OR by making an appointment for Mondays for home accessories, vintage jewelry, lamps, antiques, knick-knack-pattywhacks and anything else you want us to look at  
OR just call us at **1-708-579-2425** and ASK, we do make home visits for donated furniture!
3. always getting better than garage sale prices, never having to have strangers into your home, waiting and returning phone calls, making appointments and then worst of all.....they don't show up after you've waited all afternoon
4. pocketing 50% of the sales price (which is determined by us) and receiving a check the following month after the 15<sup>th</sup> day, how simple is that?
5. leaving your prized possession with us for 90 days to promote, market and advertise with 15% mark-downs taken every 30 days and if it doesn't sell within that time-frame you make the call as to whether donate or pick-up
6. and if all of the above seems just too complicated, you can just DONATE to us. We'll give you a donation receipt and pick up furniture for no charge at your house (of course we have to see it first!) and remember all of our funds go to charity: Community Nurse Health Association providing healthcare to families in need
7. a great place to recycle all of those unused gifts your mother-in-law gave you and we have over 300 of our favorite shoppers stopping in the store every week looking for them!

## con\_sign\_or (\_r) n. **YOU!**
